# PRATHAM

## EDUCATION

### **Maharaja Agrasen Institute of Technology**

2017 - 2021

Pursuing B.Tech. focused in IT. Currently in 7<sup>th</sup> Semester having overall **CGPA - 8.4**

### **RAMJAS SR.SEC.SCHOOL NO-5**

2016 - 2017 - 12<sup>th</sup> CBSE 2017

2014 - 2015 - 10<sup>th</sup> CBSE 2015

## WORK EXPERIENCE

### **Front-end Developer - Intern**

Aug 2020-Sep 2020

Worked as a Front-end developer under the guidelines of Shruiti Balasa. We had to develop front-end of a real-world project.

### **NotesHub - Team Lead**

Oct 2017-Oct 2019

Lead team of Computer Science Department for developing exclusive **premium content** for the community. Also ranked **top among all the dept.**

## PROJECTS

### **Face lock Algorithm using OpenCV (ongoing)**

Working on a minor project for my 7<sup>th</sup> semester ,i.e., A FACELOCK algorithm using OpenCV Module of Machine Learning which will capture the image of user and will unlock the application if it matches with the given face.

### **Chaty-(Chating website)**

Created a chat-webapp using React, Node and socket.io. In this app you can create your private chat room and share the link with your friend, family and colleagues. I tried to keep the hacker theme. You can check the deployed version here.

<https://hackchaty.netlify.app/>

### **Golden Arch (real-world project)**

Created a front-end for a website of real world project. Golden Arch is a Bengaluru based school.
